### **After the Honeymoon**

Changing Your Name and Address

After getting married, if name changes are required, it's important that these are done on all Bank accounts as soon as possible. At Republic Bank we make it easy for you. All you need to do is:

- *Visit your branch with identification*
- *Submit a certified copy of your marriage certificate from the Registrar General and*
- *Give your new signature.*

If you are starting your new life together in a new home, you will also have to change the address on your existing accounts. Please submit a utility bill with your new address.

### ***Shared Spending***

One of the most important aspects of two people getting married is finance. Poor financial planning is one of the leading causes of marital discontent. You and your partner may not always agree on everything, so it would be wise to discuss how you plan to spend your money prior to "tying the knot". Things to consider include:

- *If we combine our finances, how will we decide to spend our money?*
- *If we keep our finances separate, who will pay what bills?*
- *How much will each person pay towards the household bills?*
- *How much rent/mortgage can we afford?*
- *What bills do we have?*
- *What are our spending habits?*
